

Village of Theodore Newsletter

This is our monthly recap newsletter to help keep yourself and all the residents of Theodore updated on the past month's activities. You can download this PDF anytime, through the link on the website or Facebook page.

JUNE'S HEADLINES

ENTRANCE 'SAND SEALING'

-Dwayne and Jeff got a good portion of the main entrance to Theodore completed before the equipment began to give them difficulty and the old product wasn't spreading like it should. So the process has been put on hold for the interim with the intent to continue in the not too distant future.

This 'PROCESS' has been done in the past and has held up quite well - The Front area of Village Variety was done with this process and it still holds up to this day. Once the main entrance has been completed we will move into other streets.

****We do ask that you respect the barricades the crew have put up. They are put there to prevent you driving over the sand before it's been completed and to avoid any oil sticking to your vehicle. This ask would apply to any work being done within the village where barricades are present. They are there for your safety, please do not disregard them.****

GRASS CUTTING & TRIMMING

- Is ongoing now throughout the summer months. Empty lots that need cutting are getting trimmed up and other areas of the village. Watch for the guys as they're out and about keeping the village clean and cut.

JUNE'S HEADLINES

CLOSING IN THE GENERATOR at the water plant

THE SPRING CLEANUP PROGRAM HAS BEEN COMPLETED.

- Thank you to everyone who had their items bagged up and ready for the crew!

The WATER AND SEWER LINE FLUSHING PROGRAM went well, with no major concerns!

- **The Generator at the water plant has been closed in to protect it from the elements** and with a few modifications, and paint that project will be fully completed and adds another element to our emergency preparedness!

- **The MAGNESIUM CHLORIDE on Main Street** is holding up reasonably well and the guys will be doing another application for better dust control. They will keep an eye on Main street to make sure it's maintained.
-Next up is Railway Ave. for dust control.
****Please be patient when it comes to dust control. It is being addressed, but it is a process that takes time to do it correctly. The extremely dry weather has not been a help in this matter. The Guys are doing their best to keep it under control.**

JUNE'S HEADLINES

-The process of draining the landfill site at the village dumping grounds is underway. The provincial government has requested this be completely filled in / levelled off before winter. This will be a long, slow draining of the water and then backfilled and is going to take time to complete.

THE BY-ELECTION FOR THE TWO councillor positions is over and after all the votes have been cast we welcome two new faces to council

- Danielle Knorr
- Dorothy Oliver

Congratulations to you both! The work of moving our village forward will continue and we ask that you be patient. As the cliché saying goes: 'Rome wasn't built in a day'

DID YOU KNOW-

You can pay your water utility bill online?
If you bank with any of these institutions:

- Scotiabank
- Bank of Montreal
- TD Canada Trust
- Cornerstone Credit Union

****Set up your bills through your BANKING APP.** Choose "Village of Theodore" and then choose the 'Utility Option'. Put in your account number and you will set to pay online! Follow the steps on your APP and then this will help you avoid missing payment, the Village Office being closed when you come into town or any other reason you can't make it in before the deadline. Now you can simply pay online and you're done! Water Bills are due on these months over the course of the year:

Due by:

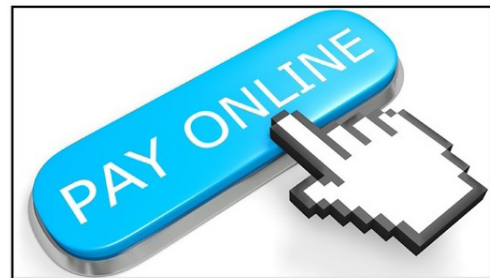

January 30th

April 30th

July 31st &

Oct. 31st

If you would like to arrange a payment plan with the Village Office, drop in or call during business hours. 306-647-2315

**Drop in online to 'Village of Theodore'
Facebook Page at your leisure!**

MAGNESIUM CHLORIDE APPLICATION ON RAILWAY AVE.

COMING SOON!

-Town Hall for all residents of Theodore and area has tentatively been set for Sept. 25th! at the Community Hall at 7pm

We have plenty of information to share! Everyone is invited to come on down!

POT HOLE REPAIRS

The Theodore Historical Museum is planning to open this Summer! We are hoping to open the museum for 2 days a week this year and will look at expanding on those hours next year! Stay tuned to the website / facebook pages / paper for opening day and hours!
