JANUARY REVIEW

****With Winter here, be wary of the crew when they are out grading roads in the future. Please allow yourself space between yourself and the equipment. Drive Safe everyone!****

*Street Sanding is ongoing as winter rolls along. Just watch for the guys as they're working.

***Council is working with a consultant to determine what upgrades we are going to be needing at the water treatment plant in the next few years. This is due process in order to attain gov't funding/grants for these upgrades.**

*Council held its regular meeting on January 15th and we reviewed a number of different topics/ issues and you can catch up on our council minutes anytime through the village website. Our next council meeting is on February 19th

*Mayor Kevin Urbanoski and Administrator Lyndon Stachoski attended the SUMA Convention from Feb. 2 - 4 in Regina. They had the chance to chat with other towns and villages and share ideas. They participated in a number of workshops and visited the Trade Show to see if there was anything of particular interest for the Village.

*Patricia from the office attended a '**Grant Writing**' workshop so that we can be better prepared and ready to access the wide assortment of grant money that is available out there! The Grants / Funding options are difficult to get with the ever growing need by many villages, towns and cities applying for these. If they are not done properly, most applications are discarded.

*Speaking of Grants, we have applied to one Grant regarding the Museum as we get set to open the facility to the public this summer. We will be applying for another Grant also related to the museum. Hopefully we'll get one of these to help with hiring a student/person for the summer!

WITH OUR

NEW SLOGAN

COMING SOON!

-The process of draining the landfill site at the village dumping grounds has been halted for the winter. The provincial government has requested this be completely filled in / levelled off as quickly as possible. We will continue to fill in what we can over the winter months before spring thaw. This will be a long process and is going to take time to complete.

Monthly Horoscope

ARIES: Mar. 21 - Apr. 19

Your ambition to get ahead is very strong, and natural forces are working in your favor to help you fulfill a professional dream. You seem to be on the verge of a major career breakthrough that will be thrilling to experience. Later, people will say that reaching that summit—the top—was easy for you, but you'll know that nothing could be further from the truth. Your mettle has been tested in every way possible, and you are doing very well by stepping up and proving your worth at every turn.

TAURUS: Apr. 20 - May 20

Your highest ideals and hopes are very much in the spotlight this month and restlessness to change direction in your life is setting in. Restrictions connected to your home life could be getting easier at this time, but your desire for changes is being curtailed somehow by your responsibilities at your home base. The workload at the place of employment seems to continue in a very busy mode, and this presents a great deal of restrictions to you. These are, however, restrictions that are self imposed — readjustment on this should be called for as this situation could bring you lots of feelings of instability.

GEMINI: May 21 - June 21

There could, though, be negotiations you could come to a meeting of minds and a satisfactory conclusion, but you have to stop thinking one thing today and another one tomorrow. You will be having many different changes in your way of thinking connected to your place of employment, as many changes have been occurring that might not be completely to your liking. A mature personal friend could be reminding you about your personal values before you look into speculation that does not meet all the specifications required in your book. Something is being hidden from you.

CANCER: June 22 - July 22

This is a month that will be full of surprises in reference to your joint resources and outside sources of income. Quick action decided from your home base could be quite profitable. Spouse or partner might not see things the way you do as lack of understanding is present, an explanation could be necessary. The lesson should be learned well and do not let worries override your way of thinking as you are very clear in your understanding in this matter. Your goal responsibilities could show progress this month.

LEO: July 23- Aug 22

This is a month that will be full of surprises in reference to your joint resources and outside sources of income. Quick action decided from your home base could be quite profitable. Spouse or partner might not see things the way you do as lack of understanding is present, an explanation could be necessary. The lesson should be learned well and do not let worries override your way of thinking as you are very clear in your understanding in this matter. Your goal responsibilities could show progress this month.

VIRGO: Aug. 23 - Sept 22

You will be concentrating on your work for most of this month. Surprising news connected to this area will be received by you but this is connected to something that has been in the making for some time. Any source of speculation or money venture will have to be negotiated aggressively by you so you can get the best deal for yourself, and many questions could be asked as lack of understanding of issues could be present. Favorable outcome could very well be reached. Thoughts will be clear in reference to what you wish for in personal income offered to you, but worries could get into the picture. Realistic expectations should be approached.

Monthly Horoscope

LIBRA: Sept 23 - Oct.23

According to your horoscope, entertainment and social activities could be on the agenda this January 2020 for you, as pleasurable times could be coming to you in a very surprising manner. Monetary expenses should be taken into consideration as the cost could be more than you can chew. Misunderstanding with mate or partner could be present, do not allow repressed anger to blow things out of proportion. A mutual understanding should be worked out — looking at the situation with an open mind will be necessary as your understanding seems to be impaired here right now.

SCORPIO: Oct 24 - Nov 22

Changes at your home front could be very marked this month, though loving times with mate will give you some sense of balance. Lots of back and forth communication connected to your line of work could be present, and differences of opinion could result in bottled up anger in you. Trying to resolve differences will be the healthiest course. Surprising news should be expected by the middle of the month, and your intuition should be paid off in decision making. Communication with a private source could be very helpful. Avoid frustration that could be reflected at your home in a negative way.

SAGITTARIUS: Nov 23 - Dec 21

Contact with siblings or close relatives could be on the agenda for you this month as unexpected news could be reaching you connected to changes that could be mildly beneficial to you but better on the long run. Input and kindness from a friend could be of extreme importance as a desire to take a trip abroad or a faraway place might not be in your best interest and a pleasant time could be very restricted. Asserting yourself in a matter connected to shared resources could be necessary as someone could be playing with your feelings.

CAPRICORN: Dec 22 - Jan 19

The spotlight this month is on your area of personal income and values. Changes in that area continue to surface but things seem to magically work out for you. Your intuition is very much on target, follow your hunches. Disagreements and restrictions at your home base could create tension that will have to be cleared up for the sake of harmony. Cooperation will be necessary as certain items seem to be held back bringing a lack of understanding. Your career seems to have been taking off in the right direction but uncertainty is bothering you in regards to money and a compensation matter.

AQUARIUS: Jan 20 - Feb 18

Your way of thinking could be erratic this month as innumerable thoughts and ideas will be coming to your mind and could be changing several times going on different directions. Sources of inspiration and genius could be received by you subconsciously. Responsibilities that don't belong to you could be thrown at you and they should be resolved at the workplace. Mate or partner will back you on this issue. Your highest beliefs and philosophical outlook could be challenged in an open and harmonious way; looking at things with a clear mind will be the best recourse.

PISCES: Feb 19 - March 20

Behind the scenes, activities will be surrounding you this month that could bring some confusion to your inner feelings — privacy will be highly desired in order to assimilate and sort out your thoughts. Your shared sources of income are part of this picture, as activity in this area is increasing in a very favorable way. Illusion about your responsibilities with personal sources of income seems to be bothersome. A spark of creativity could alleviate these worries, bringing extra income throughout your work. A learning process will be also present. After the 15th you could be having feelings of worries connected to your shared sources of income, but if you look at the situation with an open mind, all will be clearer to you and you will be able to see that the preoccupation shall be for nothing.
